The main floor features a grand, open-concept living area that combines the kitchen, dining room and great room. Just adjacent is the laundry room, a powder room, and a den that all surround the main entrance area. Just beside the great room is the master bedroom with attached en-suite bathroom. Both the master bedroom and dining room have doors that lead to a sprawling deck that is perfect for entertaining guests or simply enjoying the outdoors with family. The lower floor includes two more bedrooms, a shared bathroom between them, and a ton of other space that could be converted into a playroom, workshop, library, home office, theatre room, or whatever the homeowners can dream of!
